

CONTOUR PARQUET

At the Cordts Flooring Company we produce the finest antique reproduction flooring available. Our contour surface duplicates the look and feel of floors that have undergone centuries of aging. Contour Parquet antique reproduction floors are beautiful, handmade surfaces which fit historical and classical decors. These are not flat machined surfaces which appear jarring in these settings. By using similar tools and techniques of a by gone era, our craftsmen create floors that have the surface and patina of treasured antiques. These floors are not only a feast for the eyes but also offer a wonderful tactile sensation unmatched by more conventional flooring. Each of our floors are individually made and will transport you back in time to an age of craftsmanship long since forgotten.
